Registration for World's Greatest Shave is deemed acceptance of these Terms and Conditions.

Please direct any enquiries about this fundraising campaign to the Leukaemia Foundation office in your state: Free call (landline) 1800 500 088.

1. The promoter is Leukaemia Foundation of Australia LTD (ABN 57057493017) of 213-217 St Pauls Terrace, Fortitude Valley QLD 4006 (telephone 07 3318 4418) ('Promoter').
2. All Registrants must accept the Promoter's Waiver as a condition of entry during sign up.
3. Entry is open to all Australian primary & secondary schools, universities, colleges, early learning centres and daycare centres.
4. Registrations for World's Greatest Shave 2020 opens 1 July 2019.
5. Schools may not join together to increase opportunity of winning an award even in the case of sister schools and campuses under the same school name.
6. Award notification will take place in the month of June 2020 by phone & in writing to the winning schools.
7. The winning schools will be published after July 2020 on worldsgreatestshave.com/school
8. School team registrations will remain active until 30 June 2020.
9. Schools can sign up to World's Greatest Shave via the following methods:
 - Register online via website worldsgreatestshave.com as a school team.
 - Registration completed on the school's behalf by an authorised Leukaemia Foundation employee. Note that Leukaemia Foundation employees must accept the World's Greatest Shave 2020 Waiver, which forms a part of these Terms and Conditions on your behalf. If you do not wish to accept the Waiver you must contact the Leukaemia Foundation and advise of registration cancellation. Free call (landline) 1800 500 088.

10. Schools give permission for the Leukaemia Foundation to list school name and team captain's name on the World's Greatest Shave website worldsgreatestshave.com as well as Facebook, Instagram, Twitter operated by World's Greatest Shave and the Leukaemia Foundation.
11. All fundraising must be conducted in a legal and appropriate manner in line with local state or territory fundraising laws, state or territory gaming laws and the Leukaemia Foundation fundraising guidelines. Adhering to these laws and guidelines is the responsibility of the registered School. Please contact the Leukaemia Foundation in your state or territory to ensure your fundraising complies with Leukaemia Foundation guidelines prior to promoting or commencing fundraising.
12. All fundraising activities for World's Greatest Shave must be compliant with the Leukaemia Foundation's community standards and values. If in doubt contact your Leukaemia Foundation team member for guidance before planning your fundraising activity.
13. The Leukaemia Foundation reserves the right to withdraw your participation in the World's Greatest Shave at any time if it appears your fundraising activities are in breach of the community fundraising guidelines.
14. The Leukaemia Foundation is not liable for any loss (including loss of opportunity) or damage (including, but not limited to, direct, indirect or inconsequential loss) or personal injury in relation to this competition, fundraising activities or the use of, or participation in, the awards.

Early registration prize draw

15. To be entered into the draw – a school must register for World's Greatest Shave 2020 between 1 July 2019 – 30 November 2019.
16. Draw to be held on 2 December at 12pm AEST.
17. Draw winner date announced on 2 December by phone and email.
18. On occasion, incentive prize draws will be on offer. Deadlines (date/time) advertised per draw are not negotiable. Winners will be selected from eligible entrants by random formula. Winners will be notified the day of the draw deadline. Awards will be received via online voucher (e-gift card) hosted by www.prezzee.com.au.

Fundraising & Engagement award

19. One prize per school.
20. Registration deadline 30 March 2020.
21. The winning schools are determined based on total funds banked in to the registered World's Greatest Shave account from 1 July 2019 to 11.59pm AEST on 31 May 2020.
22. The winning schools will be notified by phone and email on 5 June 2020.
23. The winning schools will be published after July 2020 on worldsgreatestshave.com/school
24. If the winning school would like to donate the prize back to the Leukaemia Foundation, the next qualifying school in the running would receive the award.

25. Fundraising Award:

- The winning schools for the top 5 highest fundraising schools nationally will have a choice of either the School Biotechnology Advanced Pack or the Complete Young Scientist School Set.

26. Engagement Award:

- The winning school is determined based on the most amount of participants (students, teachers, staff) shaving, cutting, colouring, waxing and 1 organiser.
- Minimum \$5000 fundraising required
- If there are two schools who are in the running the school with the most amount of participants would take priority over total raised.
- If the winning school also qualifies for the top 5 Fundraising Award then the school principal to choose prize. The next school who qualifies would win the prize not taken.

Prizes

27. Prize allocations are outlined above

28. Prizes consists of the following:

1. School Biotechnology Advanced Pack

Summary: Fully integrated gel electrophoresis systems using the latest and safe blueGel™ Electrophoresis. Ground-breaking personal PCR machine enabling schools to explore previous inaccessible technology.

Complete with micropipettes and consumables to enable three exciting active learning practicals to be conducted:

- ✚ Electrophoresis Sickle cell genetics lab - identifying a child with potential sickle cell disease
- ✚ Electrophoresis Lab: Shark Attack! - students will help marine biologists understand the source of shark attacks that are frightening Australian beachgoers
- ✚ MiniPCR™ Antibiotic Resistance Lab: Monitoring resistant organisms in the environment - Students are tasked with using PCR and gel electrophoresis to establish whether farms are at risk from antibiotic-resistant bacteria that may be spreading in the environment.
- ✚ A blood typing kit which enables students to test 4 synthetic blood samples to identify their ABO and Rh blood types.
