World's Greatest Shave

Power up your ponytail!

World's Greatest Shave is partnering with the clever people at Sustainable Salons to repurpose the hair that Australia shaves!

Many of the ponytails snipped will be turned into wigs for those with cancer, while shorter hair clippings will be transformed into compost and even floating booms to absorb oil spills at sea. Cool!

This is your chance to do even more good by going green! Simply collect all of the ponytails (coloured is okay) and hair clippings at your event and send it back to Sustainable Salons.

How to prepare your hair:

Ponytails must be a minimum of 20cm and sent back dry and tied at the top, plaited in the middle, then tied at the bottom. It doesn't matter if they've been coloured.

Ponytails should first be sealed in a zip-lock bag (all collected ponytails can be placed together in one zip-lock bag), then placed in a larger bag with any loose hair clippings.

Post it to:

World's Greatest Shave Ponytails
c/o Sustainable Salons
15 Salisbury Street
BOTANY NSW 2019

Alternatively hair donations can be dropped off at any World's Greatest Shave public event.

SUSTAINABLE SALONS

HOW TO CUT A PONYTAIL FOR DONATION

1

Section hair and secure each ponytail 1-2cm down from where you will cut. Plait the ponytail, then tie tightly at the bottom.

2

Measure the ponytail to ensure it's 20cm or longer!

3

Cut the hair 1-2cm above the elastic of each ponytail.

4

Keep ponytail smooth and place in a snaplock bag
